DETAILED ACTION

1. Rejection of claim 1 under 35 USC 112 is withdrawn in view of argument, and the claim is examined based upon the interpretation that the claimed copolymer is a single copolymer. Accordingly, use of the term "component" is understood not as a blend component, but rather as a fraction of the claimed polymer.

Claim Rejections - 35 USC § 112

2. Claim 2 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention for the reasons set forth in item 5 of the Office action mailed 11/25/2003. Applicant's arguments filed 4/2/2004 have been fully considered but they are not persuasive. Applicants state:

Claim 2 is drawn to a "copolymer composition," and therefore pertains to a blend containing the described polymer.

Applicants imply that the term "composition" means that a polymer blend is being specified. However, there is nothing in the specification, the claim, or in the literature of the art which defines a "polymer composition" to necessarily be a "polymer blend". Furthermore, there is nothing in the claim which indicates what, if anything, the polymer is blended with. In fact, all polymers are compositions, but a polymer composition is not necessarily a polymer blend. It is noted that the specification discusses a "copolymer composition" beginning at page 6, line 12, which appears to describe a copolymer [A] which is blended with a copolymer [B] resulting in a blended polymer composition;

Art Unit: 1713

however, the language of the claim is silent as to whether two distinct polymers have been blended to form the claimed composition.

Allowable Subject Matter

3. Claim 1 is allowed.

Conclusion

4. This application contains claims 3-34 drawn to an invention nonelected with traverse in the reply filed on 9/12/2003. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

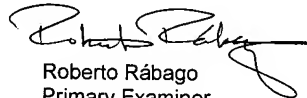

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
